

At the heart of everything we do

WORCESTERSHIRE LOCAL AREA SEND ACTION PLAN

IN RESPONSE TO OFSTED/CQC LETTER PUBLISHED MAY 16th 2018

This Written Statement of Action has been approved and endorsed by:

Worcestershire County Council Cabinet Member with responsibility for Education and Skills
Joint Clinical Commissioning Group Board (Redditch and Bromsgrove, Wyre Forest, South Worcestershire)

Statement of Intent

Our Local Area Inspection identified a number of areas in which we must improve, and we have resolved to make these improvements and more.

This action plan sets out how the Council and the Clinical Commissioning Group (CCG) will work together with partners, parents/carers and young people and with school leaders, to improve outcomes for children and young people with special educational needs and/or disabilities (SEND). It provides the vehicle for driving forward the first stages of this improvement. By May next year we will have established a number of collaborative programmes that will have embedded better approaches and provided the platform for ongoing development.

We expect that working with parents/carers and their representatives will be the norm. Co-production with parents and carers will increase at all levels – from the development of high level strategies, to undertaking policy and provision reviews, to young person level assessment and planning. A core module for staff induction will raise knowledge, awareness and understanding about the vulnerability of some children and young people, including those with SEND, and require professionals to consider what this means for their practice. A workforce training and support programme will bring professionals and parents/carers together. It will introduce challenge, explore higher aspirations and enable reflection on current practice, attitude and approach.

Our Action Plan requires professional staff to work across agency barriers and with parents, carers and young people. Leaders will monitor the impact of their work through the development of inclusive local provision. We will encourage and support reflection by school leaders on their contribution to more inclusive schooling in Worcestershire. We want to see creativity and innovation leading to less movement of children and young people in and out of schools, and more stability in their lives as they live and attend schools close to home.

Parents/carers will be more confident in local provision as schools, early education and childcare settings and post 16 providers model inclusive approaches and culture. Fewer children leave their local communities to go to school. Schools will develop new flexibilities and bespoke arrangements so that exclusions reduce, attendance increases and fewer parents/carers see elective home education as the solution for their child's education.

Our work to improve transition to adulthood will be driven by high expectations and characterised by tenacity as we develop, with parents/carers and young adults, a more extensive range of locally based provision that enables all young people to aspire to a future life that includes work related activity and support to live as independently as possible.

Dr. Catherine Driscoll
Director of Children, Families and Communities

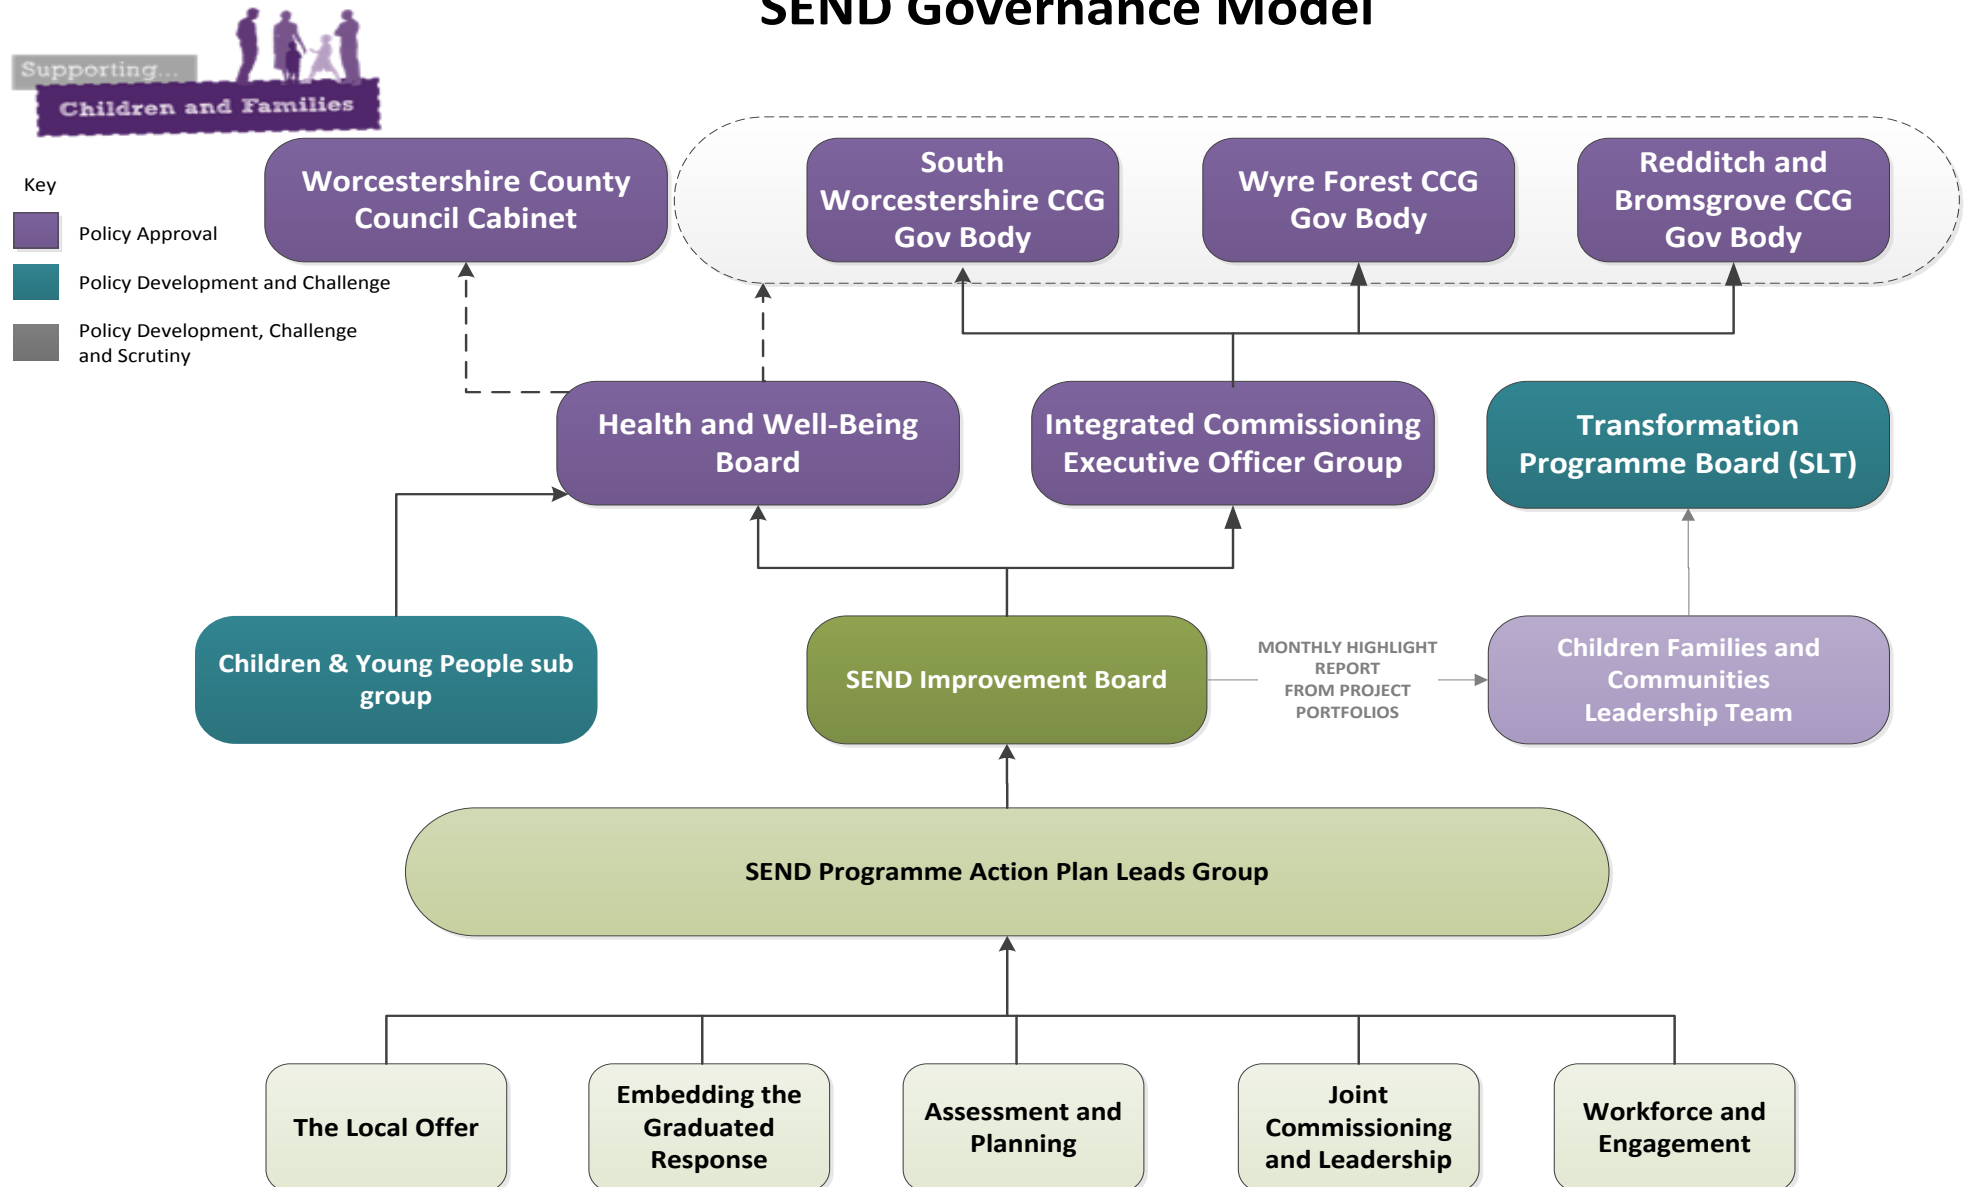

Simon Trickett
Accountable Officer CCGs

Glossary of Terms

AD: Assistant Director
AfO: Aiming for Outstanding
CAMHS: Child and Adolescent Mental Health Services
CME: Children Missing Education
CPD: Continuing Professional Development
CCG: Clinical Commissioning Group
CQC: Clinical Quality Commission
CWD: Children with Disabilities
CYP: Children and Young People
DCO: Designated Clinical Offer
DMO: Designated Medical Offer
EHCNA: Education, Health Care Needs Assessment
EHCP: Education, Health and Care Plan
FiP: Families in Partnership
FT: Foundation Trust
HLN: High Level Needs
HV: Health Visitor
ICG: Integrated Commissioning Group
ICEOG: Integrated Commissioning Executive Officers Group
JSNA: Joint Strategic Needs Assessment
LA: Local Authority
LO: Local Offer

MOMO: Mind of My Own
NEET: Not in Education, Employment or Training
NQT: Newly Qualified Teacher
PCF: Parent Carer Forum
PfA: Preparation for Adulthood
PSF: Pre-School Forum
SALT: Speech and Language Therapy
SEN: Special Educational Needs
SEN Support: Special Educational Needs Support
SENCO: Special Educational Needs Co-ordinator
SEND: Special Educational Needs and/or Disabilities
SENDCo: Special Educational Needs and/or Disabilities Co-ordinator
SENDIASS: Special Educational Needs and/or Disabilities
Information Advice and Support Service
Settings: Nurseries, Schools, Post 16 Further Education Colleges and
other Post 16 Providers
SIA: School Improvement Adviser
SMART: Specific Measurable Achievable Realistic Time-bound
SSIF: Strategic School Improvement Fund
STP: Sustainable Transformation Plan
T and F group: Task and Finish group
VCS: Voluntary and Community Service
WCC- Worcestershire County Council
WH&CT: Worcestershire Health and Care NHS Trust

SEND Governance Model

Monitoring the progress and impact of the Written Statement of Action

How will progress towards Improvement be monitored?

Careful consideration has been given to the articulation of a robust system through which officers and staff can account for their action and its impact to Local Area Leaders. The diagram on the previous page sets out the structure for reporting and monitoring of the progress of the Written Statement of Action. Reports are used to ensure a flow of information and to explain action taken by other boards.

The SEND Improvement Project Team will ensure the timely production of these reports that will highlight what has been achieved through Workstream activity, as well as any areas of risk.

The first stage in the flow of reporting in this process is the provision of monthly reports to the SEND Improvement Board where those present will be able to seek clarification from Workstream Leads on specific issues. In addition to stakeholder and parent representatives on this Board, executive level officers from the CCGs, Healthcare Provider Trust, Children's and Adults Social Care, Education and Skills and Babcock Prime (Worcestershire's school improvement partner) are present. Young people also attend.

The Health and Wellbeing Board (HWBB) includes Elected Members of the Council with Portfolio responsibilities for Children's and Adults Social Care and Education and Skills and members of the three CCG Governing Bodies, as well as The Director of Children, Families and Communities and the Chief Executive of the Council. It meets quarterly and will be provided with a report that has been enhanced following the discussions of the SEND Improvement Board. If there are matters that relate to Local Area Leadership, these will focus in matters for the Board's attention.

The Integrated Commissioning Executive Officer Group (ICEOG) will also consider progress reports paying particular attention to areas of joint priority. Both the HWBB and ICEOG can confirm policy priorities and direction and influence change in the services led by its members.

CCG Governing Bodies meet quarterly. Update reports will be prepared by the Project Team and presented by executive officers who attend the HWBB and/or ICEOG.

The Lead Elected Member for Education and Skills will meet at least monthly with the Assistant Director Education and Skills to interrogate progress in the Written Statement of Action and explore any specific issues of concern. Update reports to the Cabinet of the Council will follow a quarterly cycle for the first 12 months, supported with 6 monthly issue specific reports.

Quarterly reports will be prepared by the Director of Children, Families and Communities and the Accountable Officer for the three CCGs, for publication on the Local Offer web-site, and for Local Area Partners' own web-sites.

Monitoring Activity and Impact

Activity is driven through five workstreams. Their work plans are set out in this Written Statement of Action. They report to the SEND Improvement Board

OUTCOME 1

Local offer is accurate, available, informative and useful to enable Children, Young People and families to access help and information at the earliest possible opportunity.

OUTCOME 2

Improve and embed the Graduated Response so needs are identified at the earliest point with appropriate support put in place.

OUTCOME 3

Children and Young People's needs are assessed and met in a timely and purposeful manner.

OUTCOME 4

Children and Young People's needs are understood and resources applied so they get what they need when they need it

OUTCOME 5

Children & Young people are supported by a workforce that achieves the best possible outcomes, through effective engagement and coproduction. A multiagency workforce shares a culture which promotes inclusive practice, equipped through knowledge and skills.

OUTCOMES

1 – The Local Offer

Led by: Penny Richardson (WCC) / Sally-Anne Osbourne (WH&CT)

- Collaborative – produced and reviewed with Children, Young People and Parents
- Accessible – factual and jargon free
- Comprehensive
- Regularly updated
- Well used by the community of Worcestershire

2 – Embedding the Graduated Response

Led by: Gabrielle Stacey (Babcock) / Phillippa Coleman (CCG)

- Understanding and implementation of graduated response
- Leads to consistency and coherence in mainstream provision for children with SEND
- More confident parents
- Few exclusions
- Fewer moves between schools for children
- Better outcomes because provision meets needs
- Monitoring outcomes with challenge and support to providers leads to better outcomes

3 – Assessment and Planning

Led by: Penny Richardson (WCC) / Liz Staples (WH&CT) / Louise Levett (WCC)

- Person-centred assessments
- Co-production is a feature of assessment and planning
- Meaningful and accurate content in EHC Plans that are issued on time
- Health, social care and educational professionals work together effectively
- Planning and review secures educational stability and leads to better outcomes
- Equip our workforce to implement the 2014 CoP and to be person centred.

4 – Joint Commissioning and Leadership

Led by: Sarah Wilkins (WCC) / Mari Gay (CCG's) / Steve Larking (WCC)

- Joint commissioning priorities are understood and agreed
- Provision is re-balanced and adjusted according to changing needs of children and young people
- Strategic plans are co-produced and reviews undertaken with parent reps and partners
- Local Area Partners share performance targets and work together to monitor and review

5 – Workforce and Engagement

Led by: Laura Folkers (WCC) / Steve Larking (WCC) / Steph Courts (WH&CT)

- A multiagency Workforce Development Programme secures a common platform of knowledge and skills
- Parents and carers are involved in developing training and take part
- Training is evaluated to evidence uplift in knowledge & skills.
- Professionals are clear about responsibilities and explore how to deliver these in a more collaborative and outcome focussed way

SEND Action Plan: Key Outcomes and Workstreams

The Structure of Action Plan:

This explains what you can expect to see in each part of the Action Plan.

Objective	What the strands of actions / activity will achieve.			
Milestones	The product or end result of the actions / activity and when it will be complete.			
Activity	Lead	Partners	Timeframe	Progress checks
The detailed description of the actions / activity to be taken that will contribute, with other actions, to deliver the Objective.	The name of the person who is responsible for leading the actions / activity.	The people who will work together on the actions / activity.	The date by which each action / activity is expected to be achieved. Different dates indicate the progression of steps or points along the timeline for the action / activity.	The Workstream Leads meet monthly with the Project Manager and leads to review progress for all objectives and actions / activity.

Safeguarding Actions

This section responds to the concerns raised by Inspectors about vulnerable children who had moved to Worcestershire from London. It identifies concerns arising from the use by schools of part-time timetables and practices whereby children are removed from school rolls and consequently are missing from education. The action leads to enhanced monitoring and the introduction of a weekly monitoring process that triggers intervention and challenge where necessary. An officer forum meets weekly where persistence in locating and tracking missing children is its single focus.

Key Concerns

Key Concern 1: *"the safeguarding concerns around: children and young people from London boroughs who are housed locally; the use of long-term part-time timetables; children taken off roll and missing education;"*

Extract from the Statement of Action Letter

"Inspectors identified potential safeguarding concerns relating to the use of part-time timetables, children and young people being removed from school rolls, and the local area's tracking of vulnerable children housed in the local area by some London boroughs. There is currently a lack of strategic oversight of these areas of concern."

Objective	Title
A1	Address the safeguarding concerns around children and young people from London boroughs who are housed locally.
A2	Address the safeguarding concerns around the use of long-term part-time timetables
A3	Address the safeguarding concerns around children taken off roll and missing education

Activity		Lead	Partners	Timeframe	Progress checks
Milestones	<ul style="list-style-type: none"> Schools are reminded of their responsibilities in relation to exclusions, attendance and 'off rolling' activities – September 2018 Weekly monitoring of children missing from education ensures children's whereabouts is known and systems to ensure action to secure a school place and attendance are in place – October 2018 				
Objective A1	Address the safeguarding concerns around children and young people from London boroughs who are housed locally.				
Identification of the individuals and levels of vulnerability: 1) Remind schools of their duties to: - pursue the transfer of pupil records with the previous school - notify the Local Authority of pupils who are admitted to the school 2) DCS will write to DCS of London boroughs requesting information about the relocation of families including vulnerable children in order that Worcestershire can track their arrival 3) DCS raises through ADCS regionally and nationally the issue of movement of vulnerable children across Local Authority boundaries particularly where this involves a significant distance and seeks debate on approaches to tracking to strengthen CME arrangements		NiWi AD for Education and Skills CaDr DCS WCC CaDr DCS WCC	Schools DCS London Boroughs ADCS	Complete August 2018 Complete	Complete Draft letter in circulation Complete
Objective A2	Address the safeguarding concerns around the use of long-term part-time timetables				
1) Review as part of the development of a Vulnerable Learner Strategy 2) Updated guidance to schools on part time attendance is drafted and references DFE exclusions and attendance guidance, including specific text on process for		NiWi AD for Education and Skills	GwFe Head of virtual school	September – November 2018 September 2018	

removing a pupil from roll					
Objective A3	Address the safeguarding concerns around children taken off roll and missing education				
1) Establish weekly monitoring meeting of children missing education		NiWi AD for Education and Skills		Complete	Complete
2) Real time reports available weekly for CME, by category, to inform monitoring by Missing Monday Panel				Oct 2018	
3) Cases are tracked on a weekly basis with actions recorded, assigned, monitored and checked at subsequent meeting				Oct 2018	
4) System in place to ensure the provision of robust data to identify children not accessing appropriate education				September 2018	
5) Analysis of the data informs targeting of challenge and support to individual schools and enables impact of Missing Monday to be assessed (see Objective 2.3.7)				September 2018	
6) Arrange for an audit of activity following Missing Monday meetings by an individual who does not sit on the Missing Mondays officer group to report on impact and effectiveness of Missing Mondays approach			Audit support	Jan 2019	

Workstream 1 – Local Offer

Leads: Penny Richardson (WCC), Sally-Anne Osbourne (WH&CT)

Worcestershire parents/carers and their children and young people, and professionals working in the Area, are not able to access up to date and accurate information about provision, facilities and arrangements for children and young people with SEND. This Workstream sets out plans for improving the design, content and functionality of the website that hosts information about the Local Offer. Worcestershire's Local Offer is more than a website of information. It is the totality of the special educational provision, arrangements, processes that the Local Authority and its statutory partners, Health and Social Care, expect to be available in Worcestershire for resident children and young people with SEND between 0 and 25 years of age. Inspectors expressed concern that there is a lack of suitable specialist provision. The Local Offer must also include information about the arrangements for identification and assessment of need, and how schools and settings are supported with specialist expertise and advice. These matters are relevant to this action plan as they are focal to the development to the Graduated Response in schools and settings (Workstream 2).

Key Concerns

Key Concern 6 The lack of suitable specialist provision to meet the identified needs of children and young people

Page 7 *"There is a significant shortage in education provision in the local area for children and young people whose needs should be met in a specialist setting. Currently, 111 children are waiting to be allocated a place in a special school, and 25 children are not receiving education. The demand for specialist provision in the local area, where special schools are already full means that children and young people have to be educated out of county. As a result, additional financial demands are made of the already overspent high needs funding budget."*

Page 9 *"Parents and professionals note that the lack of specialist provision in the local area leads to some children being excluded before a more suitable provision can be found."*

Key Concern 11 The quality of the Local Offer

Page 2 *"The local offer is not fit for purpose. The overwhelming majority of parents, children and young people who have SEN and/or disabilities, and professionals were either not aware of the local offer or had little success when they tried to use it. Leaders have begun redeveloping their local offer but this work is still in very early stages of development."*

- Page 5 " Transport information for parents on the local offer leads to further confusion and delay in getting timely support and advice. "
- Page 7 " The local offer is not fit for purpose. Leaders have plans to address this, but currently it provides little helpful, easy-to-find information. Parents and professionals who know about the local offer say that it is not helpful. Many parents, and all the children and young people to whom inspectors spoke, are unaware of the local offer and its purpose."
- Page 3 While the local area is aware of children and young people who have SEN and/or disabilities, leaders do not currently keep a formal 'children with disabilities' register.

Number	Objective
1.1	To ensure an up to date and informative, clearly written Local Offer which is used by all stakeholders including CYP and parents/carers
1.2	The Local Offer website is used proactively
1.3	To ensure the SEND Strategy is accessible to all
1.4	Create and maintain Children with Disabilities Register to ensure families can receive relevant and appropriate information
1.5	Ensure suitable specialist provision is available to meet the needs of children and young people

OUTCOME 1	The Local Offer
IMPACT INDICATORS	a. The Local Offer is compliant with s30 of the Children and Families Act and therefore provides information about education, health and care and other training provision it expects to be available in Worcestershire and that which is outside Worcestershire for children and young people in care and those with disabilities.

	<p>b. Parents and other stakeholders will have been involved in a re-design and development of the new Local Offer.</p> <p>c. The number of people who access the Local Offer every week will increase over the period September 2018 – May 2019.</p>
--	---

Action Plan

Activity		Lead	Partners	Timeframe	Progress checks
Objective 1.1	To ensure an up to date and informative, clearly written Local Offer which is used by all stakeholders including CYP and parent/carers				
Milestones	<ul style="list-style-type: none"> First round of user testing is complete by September 2018 The Local Offer website is launched before the end of the autumn Term 2018 				
1.1.1 Form a representative stakeholder group including parents and carers and partners. a) Develop Terms of Reference, timeframe and agenda for action b) Indicate the existence of the stakeholder working group, with its terms of reference, on the current Local Offer with an invitation for any comment or contribution.		PeRi SEND GM	CYP, Parent/carer reps, multi-agency professionals – Early Help, Social Care, Education, Worcs Health & Care NHS Trust, Health providers, Babcock Prime, schools and settings	July 2018	Complete
1.1.2 Set out the range of provision that is in place and that constitutes the Local Offer.		PeRi SEND GM	Working Group	March 2018	Audit and tracking tool in place

Activity	Lead	Partners	Timeframe	Progress checks
1.1.3 Check against Schedule 2 to the 2014 SEND Regulations and identify gaps for inclusion and / or development	PeRi SEND GM	SEND & Early Help Comm teams	July 2018	Complete
1.1.4 Put in place a rolling programme of inviting local providers and services to update their information. This to be a permanent feature of website management and Local Offer review	PeRi SEND GM	Early Years providers, schools, colleges, charities, parent / carer groups, voluntary groups and networks, health service providers including therapy, CAMHS, Paediatric (Worcs Health & Care NHS Trust)	August 2018	On track
1.1.5 Update and delete information now, where it is known to be inaccurate.	E&S Commissioning Team	Early Years providers, schools, charities, colleges, parent / carer groups, education, social care and health service providers: including therapy, CAMHS, Paediatric, Child Development team	August 2018	On track
1.1.6 Identify specific post(s) that are responsible for: a) ongoing coordination, maintenance and development of Local Offer website b) maintaining and operating the system to record and	PeRi SEND GM	Asst Director Education and Skills/ CCG lead /Worcs Health & Care NHS	August 2018	Under consideration

Activity	Lead	Partners	Timeframe	Progress checks
respond to user feedback c) updating for inaccuracies and new information		Trust;		
1.1.7 Work with web designers to produce a Local Offer that is clear and accessible. Ensure that "connections" between data follow routes that are most likely to be followed by service users and fieldwork professionals. Design will apply the "3 click rule".	PeRi SEND GM	WCC Web Designers	October 2018	On track
1.1.8 Develop approaches so that the testing plan properly checks accessibility, navigation and information needs of the full range of stakeholders.	PeRi SEND GM	Commissioning Team Mike Lambert Team – CFC Systems,	April 2018	Complete
1.1.9 Develop method to record experiences of those testing, including direct support to accompany and record issues where requested.	PeRi SEND GM	Commissioning Team Mike Lambert Team – CFC Systems	Aug 2019	
1.1.10 Parents, carers, children and young people, professionals providers/Schools focus groups carry out user testing. Put in place enduring approach to user testing for the future lifespan of the Local Offer website CCG Officers sample GP awareness of the Local Offer	PeRi SEND GM LuNo CCG	Families In Partnership, parents/carers MiDa – Parent Engagement Advisor, ChBo – SENDIASS, Children and Young People, Worcs Health & Care NHS Trust, Healthwatch, Perryfields PRU,	July 2018 & September 2018	Complete On track Complete

Activity	Lead	Partners	Timeframe	Progress checks
		Parkside, Shooting Stars, Health (DCO)		
1.1.11 Make amendments to Local Offer following feedback	PeRi SEND GM	Webteam Website co-ordinator	September 2018	On track
1.1.12 Prepare communication plan to launch new improved Local Offer, and develop means to develop and secure visual display material, badged materials and publicity materials such as pens, leaflets, stickers, clickers, cards etc. to be provided widely, including for each school / setting and in local health / GP centres.	PeRi SEND GM	Comms Team, JeLe Commissioning Design and Print, Partner Organisations Parent and young people representatives	July to September 2018	On track
1.1.13 Launch Local Offer to CYP with SEND, parent carers, families and professionals as part of an ongoing awareness raising exercise. Ensure direct contact with parents and carers in developing and delivering approach	PeRi SEND GM	Comms Team via Social Media, press releases, partner organisations	Autumn Term 2018, aiming for November	
Objective 1.2	The Local Offer website is used proactively			
Milestones	<ul style="list-style-type: none"> Staffing resource is secure to ensure Local Offer update and engagement with user feedback – October 2018 			
1.2.1 User feedback will: <ol style="list-style-type: none"> Identify gaps in Local Offer website provision Continue to improve Local Offer Allow engagement with users via a 'You said, we did' 	PeRi SEND GM	With Local Offer Stakeholder working group	First reviews – Jan 2019 (3mths after re-launch) and then	

Activity		Lead	Partners	Timeframe	Progress checks
4. Provide a quarterly report to SEND Improvement Board and ICG				April 2019 (6 months) and then 3 monthly	
1.2.2 Ensure resource is available to update Local Offer and provide feedback to users.		PeRi SEND GM and SEND Comm Mgr	Health, Social Care – Children & Adults, Education	October 2018	
Objective 1.3	To ensure the SEND Strategy is accessible to all				
1.3.1 Publish Easy Read Version of the key points of the SEND Strategy, with link on the Local Offer site.		PeRi SEND GM	Speak Easy Now	September 2018	On track
1.3.2 Identify most used aspects of the Local Offer and prepare Easy Read versions		PeRi SEND GM	Equality and Diversity Officer – Sandy Bannister	January 2019	
Objective 1.4	Create and maintain Children with Disabilities Register to ensure families can receive relevant and appropriate information				
Milestones	<ul style="list-style-type: none"> CwD Register in place – January 2019 				
1.4.1 Understand the legislative requirement for the Register and take account of GDPR		LoLe	Public Health / Social Care / CCG	Dec 2018	
1.4.2 Review what is currently in place		LoLe	Public Health / Social Care / CCG	Dec 2018	

Activity		Lead	Partners	Timeframe	Progress checks
1.4.3 Build form for parent carers to opt into Register into Local Offer with guidance on completion, and on how the Council will use their information. Explain the purpose of the Register.		LoLe	Public Health / Social Care / CCG / SENDIASS / Family Information Service	Dec 2018	
1.4.4 Create an entry for the Local Offer, with links to services and opportunities.		LoLe	Public Health / Social Care / CCG	March 2019	
1.4.5 Establish process to review information received, consent provided and to analyse data to inform targeted services and resources		LoLe	Public Health / Social Care / CCG	March 2019	
1.4.6 Confirm governance of register and who has oversight		LoLe	Public Health / Social Care / CCG	March 2019	
Objective 1.5	Ensure suitable specialist provision is available to meet the needs of children and young people				
Milestones	<ul style="list-style-type: none"> Draft profile of future specialist provision needs has been discussed widely across stakeholders and with parent representatives to inform next steps - March 2019 				
1.5.1 A thorough review of the current balance of educational provision for children and young people with EHC Plans should take place, taking account of the percentage of the pupil population currently in special schools, compared to similar local authorities, and current placement trends for those children and young people with first time EHC Plans.		PeRi GM SEND	All Education providers, parents and young people, social care and health RoWi – Manager Universal Provisions and Placement 0-19	Plan for internal analysis in place by September 2018	On track

Activity	Lead	Partners	Timeframe	Progress checks
Share findings with stakeholders so that the analysis is widely understood and considered.				
<p>1.5.2 Review the already completed analysis of need for specialist places by considering:</p> <ul style="list-style-type: none"> • Extent and nature of financial demands • Alternative placement practice on a whole systems basis (e.g: to explore increasing capacity of all mainstream schools through training and support strategy) • Impact of review of decision making processes • A programme of re-integration opportunities from special school to bespoke supported arrangements in pupil home area • The potential for existing Mainstream Autism Bases to retain High Needs pupils for longer • The potential for developing new mainstream bases in areas of need/age where escalation to special school is a feature. • Set out a coherent report that links revenue costs of various future provision plan options, and appraise for impact on pupil outcomes, sustainability and financial sufficiency. • Arrange opportunities to discuss options for the future with parents, education providers, the schools forum and professionals and commissioners in social care and health services, and seek views. • Investigate the provision of a new special school 	<p>StLa Commissio ning manager Education and Skills</p> <p>PeRi GM SEND</p>	All Education providers, parents and young people, social care and health RoWi – Manager Universal Provisions and Placement 0-19	By November 2018

aspirations for SEND provision for their children and young people, through a Local Offer based questionnaire.			2018	

Workstream 2 – Embedding the Graduated Response

Leads: Gabrielle Stacey (Babcock), Philippa Coleman (CCG)

Most children with SEND who attend schools in Worcestershire, attend their local mainstream schools and have their needs met at "SEN Support". In Worcestershire this is 12.6% of all school age children¹ or 10,959 of the 87,089 children attending our schools. The SEN Code of Practice expects that "schools will take action to remove barriers to learning and put effective special educational provision in place." Supported by the SENCO, teachers apply a four-part cycle known as APDR or Assess Plan Do Review. It is repeated and adjusted as teachers learn more about the child's needs and adjust their teaching approaches and arrangements that work best. Most children at SEN Support will stay at this level (SEN Support) or make progress that enables them to move out of SEN Support. Only a few will need an EHC Plan.

Ofsted noted a "variation in the skills and commitment of some mainstream schools...". The Inspection commented on disproportionate numbers of excluded children having SEND and commented that some schools " ..are not inclusive" and " ..work in ways that are in complete contrast to the spirit of the SEN Reforms."

In January 2018, 2.9% of all children attending Worcestershire schools, or 2,491 children and young people, have EHC Plans². This is comparable with the national position. The figure is different for the number of EHC Plans in place for Worcestershire resident children and young people. At January 2018 this was 3,064, an increase of 372 or 14% on the previous year. The national percentage increase was lower at 11%.

In January 2018, 46% of all first time EHC Plans issued in 2017 for Worcestershire resident children, named a mainstream school or setting, and 45% named special school. 4.7% of all first time EHC Plans named post 16 providers, of which one quarter named independent post 16 providers.

This compares to the national position where 65% of first time EHC Plans named mainstream schools and settings, and 24%, special schools³. 5% named post 16 providers of which less than one tenth were independent providers. This data shows that children are more likely to attend special schools if they live in Worcestershire, than nationally. There is a higher dependency on independent special schools and post 16 providers for Worcestershire children and young people with first time EHC Plans than the national position, with 5.3% being placed in independent special schools, compared to 2.9% nationally.

There is significant pressure for special school and specialist college placements and this sets Worcestershire apart from other Local Authorities. In the context of Ofsted's findings, it is clear that we need to strengthen our mainstream provision and work with schools and other settings to build their skills, experience and inclusive capacity. Local Area Leaders know that this needs a coordinated approach across health, education and social care services in our work with schools and educational settings, so we can re-build parental confidence in their local schools.

¹ Jan 18 SEN LA Data (DfE) Table 15

² Jan 18 SEN LA Data (DfE) Table 15

³ Jan 18 SEN LA data (DfE)

This section of the Action Plan concentrates on embedding the graduated response, that includes the APDR Cycle. Area for Improvement 2 is part of the wider theme of strengthening the focus on pupil outcomes, the role and impact of support services, the use of assessment information to promote children's development, and the targeting of support and the mutual accountabilities of resource decision makers and those who use targeted SEND funding. This is the beginning of a longer journey that will lead to a necessary re-balancing of provision and resources, if there is to be a responsible and viable financial strategy. Embedding an effectively supported and monitored Graduated Response will strengthen mainstream provision and help to strengthen the mainstream sector.

Key Concerns and references in the Statement of Action Letter

Key Concern 5 The variation in the skills and commitment of some mainstream schools to provide effective support for children who have SEN and/or disabilities.

Page 8 *"Some schools work in ways that are in complete contrast to the spirit of the SEND reforms. They are not inclusive. Local area leaders are beginning to address this with school leaders but it is too early to see any impact of this challenge. Parents recognise that the commitment of school leaders and special educational needs coordinators (SENCOs) is pivotal to the support for their children. However, there is variation between providers. School leaders are sometimes allowing funding to be a factor in their request for an EHC plan assessment."*

Key Concern 7 The fragile relationships with parents and carers and the lack of meaningful engagement and co-production and collaboration.

Page 2 *"Relationships with parents and carers are fragile. Parents and carers are overwhelmingly negative about their experiences and involvement with the local area. Many feel that they are not listened to by officers and frequently told inspectors that they had to 'fight' to get the right support for their child."*

Key Concern 9 The Lack of Systems to track outcomes for children and young people who have SEN and/or disabilities in special schools, post 16 provision, young people who are NEET and youth offenders effectively.

Page 9 *"Leaders do not track outcomes for children and young people who have SEN and/or disabilities in special schools, so do not know how well they are achieving. Leaders recognise that systems for collecting and analysing outcomes and destination information for young people beyond key stage 4 are not robust. Monitoring of the impact of alternative provision is at an early stage of development."*

Page 10 *"The local area does not collect information about youth offenders who have SEN and/or disabilities sufficiently well. Consequently, they cannot ensure that they are receiving support that is tailored to their needs and abilities."*

Key Concern 10 The disproportionate numbers of children and young people who have SEN and/or disabilities who have been permanently excluded from school

Page 9 *"Absence and persistent absence rates for children and young people who have SEN and/or disabilities are higher than the national averages. The rates of permanent exclusions for these children and young people are rising sharply, and are well above the national averages. Parents and professionals note that the lack of specialist provision in the local area leads to some children being excluded before a more suitable provision can be found. Equally, where providers do not quickly and accurately identify and support children's needs, this can also lead to exclusions."*

Key Concern 12 Academic outcomes, behaviours and attendance of children and young people who have SEN

Page 9 *"Standards at the end of key stage 2 and 4 achieved by children and young people who have SEN and/or disabilities in Worcestershire are below those seen nationally. It is a similar picture for phonics outcomes. The local area has implemented a key stage 2 action plan, but this has had limited success so far in closing the gap with national figures."*

Number	Objective
2.1	Schools, educational settings and professionals understand their responsibilities and the support available to deliver a graduated response
2.2	SEND decision making processes, pathways and support services reference and embed the graduated response
2.3	Educational outcome data for children and young people with SEND (including attainment, exclusions, attendance and NEET) is used to monitor pupil and school level outcomes, and to identify priorities for the targeting of support and challenge for schools.
2.4	Improved outcomes monitoring supported by targeted support to providers, results in improved outcomes for students with SEND.
2.5	Enable the provision of High Level Needs (HLN) funding for children and young people at SEN Support to deliver shorter term targeted interventions as part of the APDR cycle, where these are designed to achieve change and improvement in the pupil's outcomes and progress.

2.6	To ensure a systematic formal integrated process during early years for Worcestershire children between 2 and 2.5 year old checks, including the ASQ 3 questionnaire completed at the universal Health and Development Review and the EYFS progress check completed by Early Years settings.
-----	--

OUTCOME 2	Graduated Response
IMPACT INDICATORS	<ul style="list-style-type: none"> • Analysis and monitoring of the SEND performance outcomes drives the targeting and focus of support and challenge to schools and early education settings. • 80% of requests for EHC assessments by schools or settings show robust evidence of the application of the Graduated Response. • Outcomes of pupils at maintained special schools, special academies and in NMI special schools are tracked so that progress in achievement can be effectively monitored. • 80% of annual reviews of EHC Plans show clear measurable progress records that can be used to track future progress. • The number of parents of children with SEND who report welcome approaches when they visit potential new mainstream schools prior to Phase Transition • Models for supported school self-review for SEND involve parent participation • The numbers and percentage of mainstream schools that confirm they can provide for pupils with EHCP's following statutory consultation (benchmark and target to be established from an analysis of EHC Plan consultation responses between September 2018 and February 2019) • The number and percentage of SENCO's and headteachers that report they find it helpful to refer to School level Inclusion Profiles • End of KS 2 and KS4 standards for children and young people improve to reach national norms • Absence and persistent absence rates for children and young people who have SEN and/or disabilities reduce in response to setting level planning and local authority challenge

	<ul style="list-style-type: none"> Exclusions of children and young people with SEND reduce, and are challenged by Governors and LA officers where the graduated response and/or reasonable adjustments have not been applied An integrated assessment process is in place for all 2 year olds and for those under the age of 2.5 years old in Early Years settings. Completion of the integrated 2 to 2.5 year old checks, leads to targeting of early intervention help and support where developmental scores and observation indicate the need for further monitoring and/or intervention. Information and concerns are shared with early years settings attended by the child Targeted EY support and services contribute to improvement in the progress and outcomes of young children with SEND The number of young children with SEND in receipt of enhanced inclusion support, who make a sustained transition to mainstream school.

<p>the provision of skilled and trained professionals in the area of significant SEND.</p> <p>Ensure that parents and carers are assisted in supporting the early development of their children, and are constructively signposted and supported to access support including that from the voluntary sector and parent networks.</p> <p>Linking with parents for co-production engagement and support, develop and confirm the service offer (taking into consideration cessation of Portage), ensuring links with locality education and childcare provision wherever possible.</p>				

Workstream 3 – Assessment and Planning

Leads: Penny Richardson (WCC), Liz Staples (WH&CT), Louise Levett (WCC)

Too many parents and carers have lost confidence because the Council has not completed EHC assessments on time. Recent increased demands for special schools have meant that some EHC Plans have not been finalised on time because provision requested was not available. Too many mainstream schools have rejected approaches for placement of children with EHC Plans, finding reasons why they can't provide rather than proposing what might be possible. EHC Plans are not as accessible as they should be. A culture amongst some schools and some professionals has led to under-developed provision in local schools. Parents are too often disappointed with their experience of EHC assessment, and do not experience integrated responses and planning across health, education and social care.

We need to do better in linking assessment, planning and review with measureable pupil outcomes. We need to develop more work oriented pathways for our post 16 students and develop a new confidence towards independent living and work with support. Our approaches to assessment and planning provision need to demonstrate better value for money.

We have much to do and our new approach will be to work more closely with parents, carers and young people and to have more open conversations earlier. We want to explain the factors that we take account of in decision making, and involve parents more in that process.

Our Action Plan aims to "get it right" – in the way we administer the Statutory SEN Process; in the way we maintain and develop our relationships with parents and in the collaborative planning and delivery of assessment systems across education, social care and health. We will involve parents and carers, in judging how successful our efforts are, and ask them to suggest ways that their experiences can continue to be improved.

Key Concerns and references in the Statement of Action Letter

- Key Concern 2:** The CCG's lack of strategic leadership in implementing the SEND Reforms
- Key Concern 7:** The fragile relationships with parents and carers and the lack of meaningful engagement and co-production and collaboration;
- Key Concern 8:** The poor quality of EHC Plans including the limited contributions from health and social care and the processes to check and review the quality of EHC Plans
- Key Concern 9:** The lack of systems to track outcomes for children and young people who have SEN and/or disabilities in special schools, post-16 provision, young people who are NEET and youth offenders effectively

Extracts from the statement of action letter

Page 3: *The quality of EHC plans is poor. Health and social care professionals are not actively involved in the assessment process and subsequent planning of support to meet children's and young people's needs. As a result, the child's or young person's health and social care needs are not being identified sufficiently well or met effectively.*

Page 5: *Too few EHC plans are completed in a timely way. Most are completed way beyond the statutory timeframe, serving to anger and frustrate parents and professionals.*

Page 7: *Children looked after are not consistently having their health assessments completed within statutory timeframes. This means that some young people may experience a delay in having their needs assessed.*

High demand for physiotherapy and occupational therapy services means that most children and young people are assessed and reviewed, but have limited access to ongoing intervention.

There is no properly constituted panel who make decisions about assessments for EHC plans. Currently, decisions are based on education information. Health and social care professionals are not normally consulted during the assessment process. As a result, health and social care recommendations do not routinely inform the request for an EHC plan assessment or the subsequent plan.

OUTCOME 3	ASSESSMENT AND PLANNING
IMPACT INDICATORS	<ol style="list-style-type: none"> 1. An on-line survey shows that parents report a reduction in the number of times they have to tell their story. 2. Feedback following EHC assessment shows that 80% of responding parents, children and young people feel involved and listened to during the assessment process. 3. 100% of young people with EHC Plans in custody and following release, experience continuity in educational provision. 4. Timescales for response on process timelines shared between the SEN Service and the Youth Justice Service (YJS) are met in 90% of cases.

5. Performance on statutory timescales is significantly improved in the EHC Assessment, Planning and Review processes, so that at least 50% of those assessments started during the academic year 2018 - 2019 are completed on time.
6. Sampling shows that at least 80% of professional advice provided at annual review and during EHC assessment has been developed through discussion with the parent and young person.
7. A quality charter is developed with parents and indicates what a good and effective EHC Assessment and Plan looks like. This is used in QA sampling of 10% of completed EHC Plans of each caseworker in a specified week.
8. School level Inclusion Profiles are in place for 100% of schools and academies, and are thus available for use to inform the provision of challenge and support by Local Leaders.
9. The average number of fixed term exclusions per fixed term excluded pupil in primary schools, reduces (from 2.3 in 2015/16) to below the national and regional level for 2017/18. (SFR 35 2017)
10. Unauthorised absence of pupils with SEND decreases.
11. The number of pupils with SEND who move into EHE arrangements reduces, compared to 2017-18 figures.
12. Academic outcomes of children and young people with SEND improve, with the Average Attainment 8 score per pupil at the end of KS4 improving to reach statistical neighbour levels for 2018.
13. 50% of post school 16+ EHC Plans are completed by March 31st with the name of the provider agreed. 80% of the remaining 16+ EHC Plans are finalised by the end of May.
14. A Designated Clinical Officer is in place and effectively co-ordinates the statutory SEND functions for the provision of health assessment and reports.

Number	Objective
3.1	To ensure that all professionals across Health, Education and Social Care area aware of the SEND Code of Practice and associated legislation and understand their individual responsibilities and accountabilities.
3.2	To ensure professionals from education, health and social care are providing information to the EHCP's within statutory timescales, and that decision making processes are compatible with statutory timescales.
3.3	To ensure children, young people and their families (parents/carers) are involved with decision making around services and the support they need as part of the EHCP process
3.4	To ensure consistently high quality, outcome focused EHC Plans
3.5	To ensure effective health input into EHC assessment and Plans
3.6	To ensure that schools and educational settings are effectively supported and advised in relation to the health needs of those children with complex health needs.
3.7	To ensure effective processes are in place for transition into adulthood
3.8	To ensure that the needs of young offenders with EHC Plans, including those in custody are assessed, understood and supported, to enable better planning for continuity in education and improved academic and life skill outcomes.

Action Plan

Activity		Lead	Partners	Timeframe	Progress checks
Objective 3.1	To ensure that all professionals across Health, Education and Social Care are aware of the SEND Code of Practice and associated legislation and understand their individual responsibilities and accountabilities.				
3.1.1 Establish a small cohort of cross organisational staff to lead change (linked to Graduated Response workstream and Stakeholder Engagement and Participation training and development activities). 1) Identify champions who can influence staff response in their area. 2) Review practice guidance. 3) Develop core section for agency induction programmes. 4) Put in place a rolling programme (annual) of "Key issues for YOU in the SEN Code of Practice". 5) Consider self-assessment tool for individuals of knowledge and understanding.		PeRi SEND GM	Health, Social Care, SEND services, Education Providers	Champions identified by September 2018. Induction modules developed by January 2019. Programme of other dates secure by November 2018	
Objective 3.2	To ensure professionals from education, health and social care are providing appropriate information to the EHC assessment process within statutory timescales, and that decision making processes are compatible with statutory timescales.				
Milestones	<ul style="list-style-type: none">Performance on statutory timescales is significantly improved in the EHC Assessment and Planning processes, so that at least 50% of those assessments started during the academic year 2018 - 2019 are completed on time.				

Activity	Lead	Partners	Timeframe	Progress checks
<ul style="list-style-type: none"> All parents whose children's EHC Plans will be reviewed pending Phase Transition for Sept 2019, receive clear information that explains the process and how decisions are made about their child's next school. By November 2018, following workplace teaching and assessment, 100% of SEN officers with casework responsibility, evidence understanding and effective application of decision making processes and criteria. 				
<p>3.2.1 Review systems and process guidance to professionals who contribute to and co-ordinate EHC assessment processes.</p> <p>Put in place processes for feedback to contributing services on their assessment timeline compliance.</p> <p>Prepare reports for the SEND Strategic Board on timeline performance on EHC assessment and EHC Plan completion.</p>	PeRi SEND Group Manager / SEN manager	Practice Manager CwD (LoLe), and Education (GaSt) LoAd DCO, CCG	November 2018	
<p>3.2.2 Review decision making processes for:</p> <ol style="list-style-type: none"> Whether or not an EHC assessment will take place Whether or not an EHC Plan will be issued Consideration of parental comments on draft EHC Plans including preferred school / setting Consideration of comments from schools and settings following consultation on EHC Plan Allocating High Needs top-up funding <p>Explore ways in which parental representatives can be fully engaged in decision making</p>	PeRi SEND Group Manager / SEN manager	Health, Social Care, Education operational leads, parent representatives and school / setting leaders or SENCOs. Workstream 4 – Joint Commissioning and Leadership

Leads: Sarah Wilkins (WCC), Mari Gay (CCG), Steve Larking (WCC)

Our Local Area Leadership needs to improve. Our Action Plan has been jointly developed between the Council and the CCG. Our responsibilities overlap for SEND, but pressures on other areas mean we have taken our eyes off the ball. Developing this action plan has involved professional staff at all levels in the service of the Council and the NHS as well as school leaders and parent representatives. This collaborative process has led to an action plan whose success depends on collaborative working and shared commitment to shared priorities.

Providing consistent and robust leadership means that we need to understand the needs of our population of children and young adults with SEND, and to listen carefully to the views of their parents. We know that we cannot always deliver what everyone wants, but we need to be clearer about our shared priorities for SEND. These are reflected throughout the action plan, with our leadership focus reflected in this Workstream. The objective for this Workstream is to establish effective partnerships and achieve a joint understanding of need, our shared responsibilities and to know how we will judge the impact of the way in which we lead, monitor, review and invest. We need to do more in ensuring we make a difference. We have strengthened communication and consistency across our various Boards and Partnerships, and have used our respective roles as Local Area Leaders to drive the development of this Plan for Improvement.

Key Concerns

Key Concern 2 The CCG's lack of strategic leadership

Key Concern 3 The poor quality of action plan for the SEND Strategy

Key Concern 4 The lack of joint commissioning arrangements

Extracts from the Statement of Action Letter

Page 2

"Commissioners' strategic oversight of the delivery of some services in the local area is weak. Although meetings take place to monitor the performance of commissioned services, the focus is on making sure that actions are completed rather than focusing on the quality of the service and the impact on outcomes for children and young people."

" The local area has not given sufficient priority to the SEND reforms. Strategic local area documents, such as the joint health and well-being strategy, make no discrete reference to SEND. The joint strategic needs assessment and sustaining transformation plan lack a focus on children and young people with the full range of SEN and/or disabilities."

" The local area has recently developed its SEND strategy but it is at an early stage of implementation. Many of the requisite actions, which underpin a comprehensive and well-evidenced strategy, are either still in development or have just been finalised. There has been limited engagement with parents and professionals in devising the strategy. Both parents and professionals talked of their frustration in not being consulted. Lines of accountability are not clear."

Page 3

" There is strong commitment and drive from some professionals on the ground in education, health and social care to improve the quality of the local area's provision. Inspectors saw pockets of excellent practice in the local area, along with a commitment to high-quality services for children and young people who have SEN and/or disabilities. However, the overall quality of provision for children and young people who have SEN and/or disabilities in the local area is variable. This is due to the historical lack of strategic oversight and leadership in the local area. "

" While the local area is aware of children and young people who have SEN and/or disabilities, leaders do not currently keep a formal 'children with disabilities' register."

"Leaders recognise the benefits of strengthening accountability for improved outcomes and better use of resources across education, health and care. The speech and language therapy service is an example of a successful partnership between the CCGs, the local area and the local providers. Leaders have recently developed a joint commissioning strategy, which is awaiting ratification. However, the lack of joint commissioning is creating tensions in terms of funding services and in the supply of specialist equipment, where the education and health boundaries are less clear."

Page 7

" Children looked after are not consistently having their health assessments completed within statutory timeframes. This means that some young people may experience a delay in having their needs assessed. "

" High demand for physiotherapy and occupational therapy services means that most children and young people are assessed and reviewed, but have limited access to ongoing intervention. In addition, provision for children who require respiratory physiotherapy within the community is no longer available. Commissioners recognise that accessing the service via an acute setting is not a good use of resources. "

Page 9

"Access to short breaks is limited and commissioners are currently reviewing the provision"

Page 10

"The Local Authority is currently reviewing its commissioning arrangements"

Overarching Objective
To establish effective partnerships and joint understanding of need, responsibility and impact

OUTCOME 4	Joint Commissioning and Leadership: We will know we are successful as we see improvements in these areas.
IMPACT INDICATORS	<ol style="list-style-type: none"> 1. Children and young people and their families report that the provision for their children and young people is seamless and coherent, and they do not have to worry about disagreements between services 2. Health, education and social care leaders across the 0-25 age range know who is responsible for what in relation to providing for SEND needs 3. All practitioners, including school and other education settings staff, know where to go for help and advice for children and young people with SEND 4. Parents of children and young people with complex health needs are confident in the way their children's health needs are met, including in their educational settings 5. Children and young people with SEND have the right equipment at the right time so that they are at least as able as their peers to take part in learning, social activity and family life. 6. Specialist nurses and other relevant health practitioners make prompt and proactive engagements with educational settings and enable confident and appropriate responses for the children when in school

	<p>7. Children do not miss education or suffer detrimental impact of their family life or educational outcomes as a result of a lack of suitable provision of health, education or social care.</p> <p>8. An increasing number of looked after children receive their health assessments on time</p> <p>9. The majority of looked after children report that their health assessment was worth attending</p> <p>10. The multi-professional workforce know how Local Area Leaders judge impact of successful Local Area provision for SEND, and work together towards shared performance measures, improving outcomes for our children and young people with SEND.</p>

ACTION PLAN

Activity		Lead	Partners	Timeframe	Progress checks
Objective 1	Establishing effective partnerships and joint understanding of need, responsibility and impact				
4.1	A framework for the analysis of local area needs (SEND) is established and used to inform the JSNA, and updated to monitor trends and provision needs.	Public Health: LiAI	Integrated Commissioners Group/ CCG/ JSNA Working Group/HWBB	Uploaded JSNA to website September 2018	Draft circulated to partners June 18 - complete
4.2	A Shared Performance framework is developed to drive Joint Commissioning SEND activity / Strategy and SEND strategy, and a SEND PI framework with targets is used to monitor and judge progress and success.	PhCo (CCG), PeRi (WCC), LoLe (WCC), M Norton	ICEOG, HWBB	March 2019	

Activity	Lead	Partners	Timeframe	Progress checks
4.3 The CCG and the LA jointly, through the Integrated Commissioning Executive Officers Group (ICEOG) prepare a financial plan to support the SEND Strategy and the delivery of shared statutory responsibilities for SEND, so that areas for separate and shared / joint funding responsibility are clearly stated.	MaDu (CCG), MaAst (WCC)	ICEOG	December 2018	
4.4 Roles and responsibilities for Joint Commissioning for SEND are agreed between the CCG and Local Authority 1) and confirmed at respective Boards 2) and published on the Local Offer.	SaWi (WCC), LuNo (CCG)	ICEOG, HWBB	October 2018	
4.5 Local Leaders attend the SEND Improvement Board and ensure continuity and the appropriate officer, so that progress in implementing the Action Plan is not impeded.	NiWi (WCC), LuNo (CCG)	Board	August 2018	
4.6 The creation of a CWD register is directed. Parents and disabled young people are involved in developing a FAQ support document / presentation so that all are clear of the register's purpose and benefits and this is published on the Local Offer	SaWi (WCC) TiRu (WCC)	Childrens Social Care	January 2019	
4.7 Peer challenge and support is in place and leaders demonstrate active engagement and timely follow-up to Partnership tasks.	SEND Improvement Board	Local Area Leaders and Workstream Leaders	From May 2018 onwards	Attendance at SEND Board

Activity	Lead	Partners	Timeframe	Progress checks
Challenge and support is a key aspect of Workstream monitoring.				
4.8 Information relating to complaints about health, social care or education is available and up to date; 1) how complaints can be made and how they are dealt with is contained in the Local Offer	SEND GM, PhCo (CCG), social care lead		January 2019	
4.9 Disagreement resolution procedures are in place to resolve disagreement between the LA, NHS England and the CCG and published.	SaWi(WC C), LuNo (CCG)	NiWi (WCC)	December 2018	
4.10 Implementation update reports are taken 6 monthly to the HWB Board / CCG Board	CaDr, DCS WCC, SiTr Acc Off CCG's		HWBB Sept 2018 CCG Board Autumn 18	
4.11 Roles and responsibilities between education and health practitioners, for ensuring appropriate and safe responses to health and care related needs of children when at school or in educational settings are agreed and clarified, taking account of DFE and DH guidance. 1) Local guidance is prepared and accessible to parents and professionals. 2) Role of the DCO – links operational responses to strategic priorities and ensure contributions to EHC assessment	PhCo (CCG), PeRi (WCC), LoLe(WCC)	WHCT and Schools	March 2019	

Activity	Lead	Partners	Timeframe	Progress checks
4.12 Service specifications for jointly commissioned services, including standards, are in place with any necessary procurement processes built into schedules of procurement activity.	PhCo (NHS), PeRi (WCC), Lead Commissioner for social care	ICEOG	June 2019	
4.13 The CCG Board and the Local Authority are assured that operational policies and procedures (eg: Equality Impact Assessment guidance) are appropriate to ensure that the needs and interests of children and young adults with SEND are considered in formal documentation, and in particular where this relates to children, families, young people and vulnerable adults.	CaDr (WCC), SiTr (CCG)	ICEOG	March 2019	
4.14 A programme for timely health assessments for all children looked after is in place and monitored by Children's Social Care Improvement Plan with updates to the SEND Improvement Board	SaWi (WCC), TiRu (WCC)	Corporate parenting board, WSCB	November 2018	Programme of monitoring of timeliness of health assessments for children who are looked after is in place through Social Care Business Plan and reported

Activity	Lead	Partners	Timeframe	Progress checks
				monthly to Children, Families and Communities Leadership. Dashboard is being developed for access to live data to individual children and young people HA status in order that any delays can be identified to source and addressed.
4.15 Commission West Midlands Quality Review Service (WMQRS) to review paediatric physiotherapy OT services	PhCo (NHS), SaOs (WHCT)	CCG Clinical Quality Review meeting (CQRM)	April 2019	Review undertaken, draft report June 2018 – Action plan to be completed and monitored in CQRM
4.16 Redesign of overnight short breaks for CWD	SaWi (WCC)	WHCT, ICEOG, FiP, Adult Services	March 2019	Report to WCC Cabinet July 2018 –

Activity	Lead	Partners	Timeframe	Progress checks
				complete Establish task and finish group with WHCT and commissioners
4.17 A Staff Survey is developed through the SEND Improvement Board to secure feedback on perceptions and experience of Local Area Leadership for SEND.	SaWi (WCC) with Project Manager, workstream Leads and parent representatives	All those involved in the delivery of this Action Plan	Between March and May 2019	
4.18 Provider services are invited to return a survey that will indicate their understandings of Local Area priorities for SEND and their experiences of any improvements. Impact indicators and milestones from across this Action Plan will be used to assist the co-production of the survey with parent representatives.				
4.19 Working across all workstreams a planned series of parent and young people surveys will be undertaken to sample experiences of services and processes where improvement is indicated.				
4.20 Convene a half day workshop to draw together evidence of impact from those staff involved in implementing the Written Statement of Action and parent representatives identified through the Parent Carer Forum, This will be enable a cross cutting analysis of progress and if necessary, enable a refocus of emphasis for the next 6 months.	RaKi Senior Project Manager NiWi AD Education & Skills	Workstream Leads and Learning and Development team	February 2019	

Workstream 5 – Workforce and Engagement

Leads: Laura Folkers (WCC), Steph Courts (WH&CT), Steve Larking (WCC)

This Workstream deals with the engagement and participation of stakeholders in improving the planning and delivery of services for children and young people with SEND. This includes the issue of culture change and training so that a more inclusive and skilled workforce develops – both in schools and settings, and in those services provided through the Local Authority and the CCG's own employees and those provided through the wide range of jointly and separately commissioned services.

It identifies from the text within the entire Statement of Action letter, the need for proactive and targeted approaches to monitor and report on quality and outcomes of service delivery, and to report on these to parents, carers, children and young people and the wider community of Worcestershire.

A framework of mutual accountability between partners is needed. This will be driven by a Local Area framework of SEND KPIs. Embedding a mutual accountability approach will require the development of enhanced understandings and some practice changes across the wider workforce, and structured systems to ensure stakeholder engagement.

Key Concerns

- Key Concern 7 The fragile relationships with parents and carers and the lack of meaningful engagement and co-production and collaboration.
- Key Concern 5 The variation in the skills and commitment of some mainstream schools to provide effective support for children who have SEN and/or disabilities

Related references in Inspection Letter

- Page 2 *"The local area has recently developed its SEND strategy but it is at an early stage of implementation. Many of the requisite actions, which underpin a comprehensive and well-evidenced strategy, are either still in development or have just been finalised. There has been limited engagement with parents and professionals in devising the strategy. Both parents and professionals talked of their frustration in not being consulted. Lines of accountability are not clear. "*
- Page 2 *"Relationships with parents and carers are fragile. Parents and carers are overwhelmingly negative about their experiences and involvement with the local area. Many feel that they are not listened to by officers and frequently told inspectors that they had to 'fight' to get the right support for their child. "*

"While the local area has developed a 'co-production charter', leaders were unable to provide any meaningful evidence of co-production (a way of working where children and young people, families and those that provide the services work together to create a decision or a service which works for them all) with parents, carers, children and young people. This is contrary to the requirements set out in the code of practice. "

Page 7 *"Parents and professionals who know about the local offer say that it is not helpful. Many parents, and all the children and young people to whom inspectors spoke, are unaware of the local offer and its purpose. "*

Page 8 *"Some schools work in ways that are in complete contrast to the spirit of the SEND reforms. They are not inclusive. Local area leaders are beginning to address this with school leaders but it is too early to see any impact of this challenge. Parents recognise that the commitment of school leaders and special educational needs coordinators (SENCOs) is pivotal to the support for their children. However, there is variation between providers. School leaders are sometimes allowing funding to be a factor in their request for an EHC plan assessment. "*

"The parent carer forum, Families in Partnership, has only recently been re-established, following a gap in the provision. The forum is now beginning to rebuild links with parents, carers and the local area. Trust needs to be built so that parents feel involved and listened to. Only then can true co-production and collaboration begin."

Number	Objective
5.1	To ensure professionals are aware of the legislation, processes, and their responsibility for SEND Workforce section
5.2	To promote co-production at the heart of professional practice
5.3	To evaluate the impact of this training programme and identify future actions to consolidate and refresh
5.4	To provide ongoing reflective dialogue with stakeholder representatives on various boards, strategy groups, task and finish groups, etc
5.5	Communication Strategy

OUTCOME 5	Engagement
IMPACT INDICATORS	<p>The number and percentage of mainstream schools that reach a quality standard for Inclusion.</p> <p>The number of parents of CYP with SEND who have accessed training and information sessions / Any Question sessions about provision for SEND in Worcestershire, and their evaluations.</p> <p>The number of respondent to an on-line questionnaire – what every children and young adult's professional should know about SEND.</p> <p>The number of hits for You Tube Videos on "who does what". Measure of appropriate engagement method to secure interest and attention) are popular with those who access the Local Offer. the number of attendees at "Who does what?" sessions in different areas of Worcestershire.</p> <p>Parents and carers report a higher level of confidence and enjoyment when working collaboratively with professionals.</p> <p>The numbers of teams/individuals who complete the core training module</p> <p>The impact reported by professionals of training on their work and outcomes for children – specific examples needed</p>

ACTION PLAN

Activity		Lead	Partners	Timeframe	Progress checks
Objective 5.1	To ensure professionals are aware of the legislation, processes, and their responsibility for SEND, and including awareness of the Local Offer				
Milestones	All members of the workforce are invited, through service channels, to take part in an on-line quiz about the SEND Code of Practice – March 2019				
5.1 Establish Task and Finish working group of energised and motivated individuals to: <ol style="list-style-type: none"> 1) Identify key individuals from their organisations / representative groups 2) Oversee the activity below 3) Drive forward action 4) Propose competency standards to be achieved through core training for all children's services professionals in relation to knowledge and understanding of SEND – needs, provision and aspirations 5) Draft process for evaluation of modules, units and Workstream as a whole. 		PeRi GM SEND LaFo/StCo Workforce and Engagement Leads	Babcock, CCG's, & H&CT, YJS, Governor networks	September 2018	
5.1.1 Devise, implement and evaluate a workforce development programme focused on building inclusive capacity within educational settings 0-25. Take account of actions elsewhere in this Action Plan. Include parents and carers in recognition of the contributions they can make as providers and participants. Ask professional staff for early comment on their own		LaFo/StCo Workforce and Engagement Leads	Babcock CCGs & H&CT YJS WCC HR Acute Trust	Between October and December 2018
